Shipping Charge \_\_\_\_\_  
Deposit of \$ \_\_\_\_\_ Received on \_\_\_\_\_  
Balance of \$ \_\_\_\_\_ Due on \_\_\_\_\_

**TERMS OF DEPOSIT**

To place a kitten on hold your deposit must be received within 3 working days, or the kitten will be placed back up for adoption. The deposit can be in the form of cash, USPS Money Order, Cashier's check or we can accept your credit card through PayPal. NO PayPal chargeback's allowed! If the deposit is being mailed, it must be sent via Priority Mail with delivery conformation or sent overnight mail.

When the deposit is received, the kitten will be listed as on "Hold". For kittens being picked up, the balance is due in cash at the time of pick up. For kittens being shipped, the balance along with all costs associated with shipping is due at the time the kitten is 12 weeks old unless prior arrangements have been made. This allows us time to prepare for the kittens trip. If this amount is not paid by this time, the kitten goes back up for adoption and the deposit is forfeited.

(Continued)

A deposit to get on a waiting list or to hold a kitten is \$200 for pets and \$500 for breed/show, unless other arrangements are made. A signed **Deposit Form** MUST accompany your deposit or mailed shortly thereafter if paid through PayPal. Deposits are NON-REFUNDABLE, but can be held up for 1 year and applied toward a future kitten. After 1 year, all monies will be forfeited.

Any time **prior to 12 weeks of age**, deposits can be transferred to another available kitten for a period of 1 year from original deposit date if you are not happy with how your kitten is turning out or if it has become necessary for you to wait for a better time to adopt. After 12 weeks of age, all decisions are final unless prior agreements have been made. Please note that as the breeder, I have the right of first pick of any of my litters.

Deposits will be fully refunded, in a timely manner, if for any reason your kitten becomes unavailable due to the fault of the seller (illness or death of the kitten.)
